Jurisdiction: as the facts unfold, rights were violated, evidence falsified, evidence destroyed in order to
facilitate payments to the NAACP and the Chief's states Attorney through Guy Fortt (NAACP Stamford
President). Police used excessive force/ false arrest/ and with deliberate indifference violated multiple
civil rights. As such, those that aided and abetted the conspiracy including State Officials can be named
in all the criminal acts and catastrophic injury of any party.

According to Video Stephen Barrier was TASERED at 1:31 am and taken into custody at 1:54 AM on 10/23/2019. The body cam evidence was falsified at 5:29 AM 4 hours later by 21 Police Officers, Edited by Chief Wuennenman, Pastor Ford showed Wuennenman the Snuff Video and the Chief ruled no misconduct occurred.

Stamford violated rights, under the fourth and 14th Amendments/ ADA Title @ Section 504 of the Rehabilitation Act, @9 USC %794 Connecticut Common Law of Negligent Tort Article 1, 8. 20 of Connecticut General Statute 7-465.

- 1) Valerie Jaddo (New Plaintiff in Version 4) based on forgery and fraud/ as a NURSE denied all medical assistance of her youngest son, committed insurance fraud, falsified a 911 call, and Falsified Statements to Police, and accepted a bribe. Valerie Jaddo has used the Barrier name falsely. Reported mad false and intentionally misleading statements in a Federal court and breach the written agreement with the State.
- 2) The State's Attorney Office used threats of false arrest to intimidate victims of prosecutorial and judicial misconduct. In this case, Defendant Richard Colangelo repeatedly contacted both listed plaintiff's in this case and extorted a bribe. Corruption prevented multiple Plaintiffs from filing affidavits which were promised. We seek Valerie Jaddo's 12/156/20 Affidavit, and others.
- 3) It appears that Counsel to Stamford, Dana Lee apparently contacted and later bribed (with state Officials and Stamford State Personnel Valerie Jaddo into falsifying statements in her Affidavit dated September 4, 2020., (specifically sentence 4) of Motion 125 that Attorney Dana Lee collected. Again Defendant, City of Stamford continuously lied to Plaintiff's, obstructed justice, bribed and Caused falsified statements.
- 4) Apparently, the settlement between Plaintiff (at the time Valerie Jaddo) through Governor Lamont, Chief States Attorney Richard Colangelo now has been breached, which is the subject of Subpoena request dated 4/9/21.
- 5) Police falsely arrested Steven Barrier, using excessive and deadly force, later to falsely claim that Steven could possibly resist arrest. Police then refused treatment, destroyed evidence, and fabricated evidence. Gary Mecozzi, Special investigator covered up the TASER use and evidence tampering in the wrongful death.
- 6) Police stated "F-you" and stated "You messed with the wrong crew after murdering Steven Barrier. They Police had their body cams on during the murder and destroyed the evidence. The Police claimed no cams were on. After using the TASERS Sean Boeger denied the use of TASERS at all.
- 7) Several Verbal and written complaints were filed by Valerie Jaddo. Jaddo claimed treatment was different with Whites. CIT techniques are used with whites to de-escalate.

- 8) According to paragraph 90 of the federal case, "the states Attorney investigation , Barrier did not resist arrest or act aggressively to the police Officers." This is not in the Decedent's behavior. In the words of Police "he picked the wrong crew"
- 9) Upon information and belief, Steven Barrier Sr is Steven Barrier Junior's executor and legal guardian. The excessive force depicts torture in this case far beyond racial or disability discrimination; exemplified By the current chief of Police; Chief Shaw who has refused all questions.
- 10) Upon information, Stamford Police stated the body cams at 1:31 am were off violating mandatory regulation. That is a bold face lie, The Body cams were on and the snuff film was created. The Snuff film was then circulated and presumably destroyed to facilitate the bribe. The Police then followed a false narrative maintaining the body cams were off.

Each time The family called 911, the Police berated the family and told to call CT renaissance or the Dubois center. Police told the family that steven Should not be helped. Police kept terrifying Steven who was being tormented from all angles beyond deliberate indifference.

- 11) Attorney Dana Lee, City of Stamford, facilitated a bribe, we are told to cover up a murder by contacting the Plaintiff and paid Valerie Jaddo to lie in her Affidavit. Dana Contacted the witness directly instead of the witness's counsel at a time which Stamford was a defendant to lie in her affidavit.

Valerie Smith Jaddo filed a Federal Case on Monday March 15th, 2021.

- 12) Valerie received 7\$ million with Dana Lee's involvement. Dana Lee had Valerie falsify statements in her affidavit. Chief States attorney and Dana Lee contacted the plaintiffs in a law suit and these Defendants intimidated and bribed the Plaintiffs.
- 13) Paragraph 65 of the Federal complaint is false.
- 14) Paragraph 68 of the federal complaint is false.
- 15) Paragraph 71 of the Federal Complaint is false.
- 16) Paragraph 77 of the federal complaint Reads Although the Officers were on Notice that Mr Barrier needed urgent psychiatric care , they did not fill out the paperwork under CGS 17a-503. Consult with a clinician, or transport Barrier to a hospital for emergency mental evaluation.
- 17) According to sources, the George Floyd Trial revealed that Police knelt on Floyd for 9 minutes, video reveals Stamford police knelt on Steven Barrier for 12 minutes.

- 18) The City of Stamford, Chief Executive Office, Mayor Martin covered up a TASER murder. Attorney Dana Lee is complicit of obtaining a falsified Affidavit by means of intimidation in connections to the State's repeated contacting of the plaintiff, at that time by defendant Colangelo and the City Attorney. Dana Lee is present of a conference call claiming that he obtained an affidavit from Valerie Barrier.

According to Sargent Weed of SPD records, the City of Stamford Attorney Dana Lee has prevented the release of the Police reports from Sean Boeger, obstructing justice.

Title Two of the American's with Disability Act provides comprehensive civil rights protection destroyed by 25 Stamford City Elected Officials and Stamford Police.

- 19) On October 23rd police were required to make a medical evaluation prior to taking someone into custody. Prior to arrest, police were responsible to evaluate their ability to understand their arrest prior to making an arrest. After the TASER was used on Stephen's Barrier's head, police were required to evaluate his cognitive ability. All individuals had to be evaluated after a strenuous event. Thus, breaching a duty of care, under common law *negligence*.
- 20) On December 8th 2020; multiple John Doe Police officers 1) Sean Boeger 2,) Troy Judge 3) Sargent M. Connolly 4) Officer Nucera 5) Officer Kilcoyne 6) Officer Kitselman were named. 16 Officers were confirmed to be fired for misconduct on 7/1/2020. That has proven to be false. Police falsified a report that officers were fired By Police Captain Shaw.
- 21) Police maintained a mental condition existed, so the law dictates there is no criminality. The fact that there was no mental disorder greatly increases the police criminality of unlawful conduct Violating Article 1, 8 and 20 of he Connecticut Constitution, giving standing.
- 22) After a sternum rub and later a foot scape, police still waited to call EMS. Adding to multiple reports that the vitals had been checked. Steven's eyes rolled back into his head, after repeated TASERING which has been denied and still no response form Police. Commenting and mocking his acting all the while denying basic aid. EMS determined that had police acted, barrier could have been revived.
- 23) The first autopsy was completely falsified by Mike Hayes the CT medical examiner stating, "no bruises". The second autopsy revealed blunt force trauma, abrasions of head, torso and extremities. The third autopsy has not been recovered from the NAACP.

24) All police officers should have had their body cams on. They were either turned off or the evidence was destroyed. The Police therefore were not properly trained. The Police that murdered Steven Barrier destroyed the evidence and were not trained in CPR and even bragged that they made him "crap" his pants. Repeated tasing to the head can cause heart failure even with a 23-year old. This violated the 8th Amendment cruel and unusual punishment.

25) Internal Affairs is now claiming that it is the CT FBI's fault these officers were never fired. Stamford had a long history of taunting Steven Barrier.

26) State of Ct. Medical Examiner M. Hayes (860)-679-3980 and James R. Gill Chief Medical examiner m.hayes@ct.gov lsylvia@ocme.org Fluidified an autopsy and the leaked of a falsified State Autopsy Record, creating a false narrative.

27) AXON -The TASER Manufacturer- We reached out top axon multiple times and they told us to sue them. Axon denied us the Training Manual for law enforcement (At 2:16 on January 23, 2020.) Axon created falsified Body cams used to extort a settlement and cover up a murder. None of the actual body cams in question have been obtained from the 1:30 time frame.

28) States Attorney Richard Colangelo. Richard Colangelo has repeatedly threatened Flynn with false arrest and has intimidated self-represented plaintiffs. The State's Attorney falsified a money laundering investigation for more than 14 years Fst cv 14-5014345-s). Chief States Attorney Colangelo arranged to give himself at least one bribe after falsifying an investigation, destroying TASER evidence, and used falsified body cam evidence to stage a false narrative.

29) Police made repeated comment as to why Steven Should not live violations of Conn. Gen. statute 17a-503 calling for EMS and mental health services. Police misdiagnosed steven Barrier JR with schizophrenia. Police had a chronic systematic pattern of non-compliance.

30) Connelly witnessed the Murder and had his body cam on which was shown to plaintiff Flynn. Connelly filmed the mock safe-house video. Officers disregarded medical needs TASERING in the temples, back of the head and under the chin. Officers were never trained properly caused used the Axon TASER and bodycam with intentional harm. Police intentionally circumvented protocol.

The Media has been used to knowingly spread false information according to Stamford Police Chief Tim Shaw. Time Shaw maintains the Hour has falsified the narrative.

A) The Hour-(Mike Pignataro) knowingly reported manufactured evidence using falsified body cams provided by the defendant Colangelo and edited the material for the Media).

B) Richard Colangelo then hindered prosecution to incorporate a personal bribe through the NAACP.
